PROFESSIONAL SUMMARY

Detail-oriented and adaptable aspiring Virtual Assistant with practical experience building GoHighLevel workflows, organizing CRM processes, conducting lead research, and supporting administrative and social media tasks through hands-on projects.

Skilled in organizing information, structuring workflows, preparing content, and supporting day-to-day business operations. Brings a strong foundation in organization, quality control, teamwork, and time management from a Hospitality Management background. Eager to help businesses maintain organized systems, manage leads, and keep essential tasks running smoothly.

CORE SKILLS

- **GoHighLevel & CRM:** Funnel organization, forms, calendars, contact management, pipeline setup, workflow automation, lead qualification.
- **Lead Generation:** Business research, prospect data collection, lead list organization, industry research.
- **Administrative Support:** Calendar management, appointment coordination, email organization, Google Drive organization.
- **Social Media Support:** Canva graphic design, short-form video editing, content planning, social media scheduling.
- **Professional Strengths:** Organization, attention to detail, adaptability, communication, time management, process documentation.

TOOLS & PLATFORMS

GoHighLevel · Canva · Microsoft Excel · Meta Business Suite · Buffer · Calendly · Google Calendar · Google Drive · Gmail · ChatGPT · Gemini · Claude

SELECTED PROJECT EXPERIENCE

ApexScale – Customer Success Scale-Readiness Assessment

Self-Directed GoHighLevel Practice Project

- Designed a simulated lead-generation and qualification funnel.
- Structured assessment pages, booking flow, and confirmation experience.
- Configured CRM pipeline stages, contact organization, and qualification tags.
- Developed workflow automation for lead segmentation and follow-up.
- Documented TOFU, MOFU, and BOFU system architecture.
- Tested key user journeys and automation behavior.

Note: Lead qualification workflow remains in progress.

Australian Fitness Business Lead Research

Lead Generation Practice Project

- Researched fitness businesses operating in Australia.
- Collected and organized prospect information in Excel.
- Structured research data to support prospecting and outreach preparation.

Administrative Support Samples

- Organized Google Drive files and folder structures.
- Cleaned and organized Gmail inboxes.
- Prepared calendar and Calendly scheduling examples.

Social Media Support Samples

- Created social media graphics and short-form video edits using Canva.
- Organized content plans using Excel.
- Practiced content scheduling through Meta Business Suite and Buffer.

PROFESSIONAL EXPERIENCE

Pastry Chef | Baristart, Philippines — **Nov 2024 – Jun 2026**

- Prepared products consistently by following established recipes and quality procedures.
- Maintained organization and attention to detail in a deadline-driven environment.
- Coordinated with team members to support daily operations.
- Adapted to changing priorities while maintaining product quality and workflow standards.
